Rear Admiral (RADM) Bruce Boland’s exemplary Naval career spanned more than three decades culminating in his assignment as Commander Naval Base San Diego, now Navy Region Southwest. After his naval service, RADM Boland joined San Diego County government including his role as Director of Public Works. He also served as President and CEO of the United Way of San Diego, was a founding member of the Rehabilitation Campus for Veterans Village of San Diego, and he was also an original member of the SDMAC Board of Directors. In addition to a lifetime of public service, RADM Boland contributed over 20 years of constant advocacy and support to the USO where he co-founded the first USO Center at San Diego International Airport.

RADM Boland was the architect of the strategy to defeat Proposition A, the plan to move commercial airport operations from Lindbergh Field to MCAS Miramar, which was defeated by a two-thirds majority. He also chaired the Terminal Development Committee which oversaw the \$1 billion green build expansion. In 2006, then Mayor Jerry Sanders appointed RADM Boland to the board of the San Diego County Regional Airport Authority, where he served until shortly before his death in 2013.

His life was marked by achievement, leadership, and consistent action for the public good, and is a model of service to his country, region, and city.

3. Individuals nominated must live in San Diego County and organizations must be based in San Diego.

Along with this application, please submit:
